

# Massachusetts Department of Correction College Internship Program

*Allows students to enhance their educational learning by providing opportunities to experience working in the corrections field.*

The MA Department of Correction provides college students opportunities to experience working in the corrections field. There are over 15 tracks or specialized areas offering participants a comprehensive overview of the Department's policies, procedures and practices. Some of the many concentrations interns can select from are: operational management, re-entry and program services, inmate classification, offender case management, strategic research and planning, inmate training & education, legal division, and human resources.

## *Objectives:*

- Provide Students with hands-on opportunities to visit and explore DOC Careers
- Allow Students to network with our professional staff and learn about Civil Service occupations and Public Safety Jobs
- Open to all college Students enrolled in accredited programs in institutions of higher learning
- Comply with Executive Order 526 in the Recruitment and Retention of Diverse Candidates
- Enable participant Students to visit all approved areas of DOC Institution (s) and/or Divisions
- Create a comprehensive informational program of DOC work procedures for potential applicants
- Open to students that major in Criminal Justice, Finance, Psychology, Sociology, Legal, Communications, Public Safety or other appropriate areas of study

---

*All interested students should visit Internship Program link on [www.mass.gov/doc](http://www.mass.gov/doc) for application and submission information.*
